

THE SPACE BETWEEN

HERE IS A GAP BETWEEN ONE SPELL AND THE next. Most casters never find it, and the ones who do rarely find it twice. It is not taught so much as worn down to, the way water finds a seam in stone. Those who learn it describe the same sensation every time: the second word arriving before the first has finished leaving, and the dark at the edge of the room leaning in to listen.

SHADOW SPELLDRIVER

Prerequisites: Character level 11+; the Metamagic feature

Through intense focus and dedication, you've harnessed the techniques of rapid spellcasting. When you use your bonus action to cast a spell of 1st level or higher, you can also use your action to cast another spell of 1st level or higher. If you did so using Quicken Spell, you must expend 1 additional sorcery point as you cast the second spell.

If you cast two or more spells in a single turn, only one of them can be 3rd level or higher.

Shadow's Step. When you cast two spells in a turn while in dim light or darkness, you can teleport up to 10 feet to an unoccupied space you can see that is also in dim light or darkness.
